

Vital project in Togo

Project: Primary school furniture and equipment

Objective:
To provide primary school furniture and equipment to 30 schools in Sotouboua, Atakpame and Sokode

Target: £18,820

Why Plan works in Togo

The Togolese Republic is one of the poorest countries in West Africa and 70% of the population lives on less than £1 a day. Many parents simply cannot afford to send their children to school; over half of children do not get a primary school education instead they go out to work so that they can help support their families. Classrooms are often poorly equipped, lacking the basics, like blackboards, desks and chairs, making it very difficult for children to learn.

Plan recognises that education is a crucial way to beat poverty – enabling boys and especially girls to gain the skills and knowledge they need to pull their communities out of poverty and reach their full potential in life.

How you can help

We aim to raise £18,820 for primary school furniture and equipment for 30 schools in all Plan programme areas. The desks and chairs will stop children from having to sit on hard floors, struggling to learn to read and write. And with valuable items such as blackboards, educational games and books they'll find lessons more stimulating and interesting.

Plan enables poor communities to take action together to achieve children's rights to an education, decent healthcare, clean drinking water and more. We give long-term practical support so poor communities can improve the lives of their children and themselves. We also campaign to change the way a whole range of adults - from parents to politicians - think and act, because we know their decisions can perpetuate poverty.

Children themselves can be powerful advocates for change, so we encourage them to take part in decision making, from village councils to national assemblies. And because children will be the leaders of tomorrow, we believe that strengthening their voices now will create a fairer, better world - now and in the future.

This is just one of many projects within Plan's wider education programme. With your support, this project can make a difference to the lives of many children, families and communities in Togo.
